To the Participants in the  
National Debate Tournament

April 13, 1969

Personally and on behalf of the Northern Illinois University community, I want to welcome you to our campus and to congratulate you as participants, selected by the eight districts for the 1969 National Debate Tournament. It is a distinct honor to have you here.

We extend a warm welcome also to the members of the American Forensic Association NDT Committee, District Chairmen, and guest judges. To all our participating debaters and their coaches -- welcome and good luck in the competition. It is a pity that there will have to be losers as well as winners.

We hope your visit will be a happy and rewarding one. Let us know if we can make your stay more comfortable.

Sincerely,  
  
Rhoten A. Smith  
P r e s i d e n t

April 15, 1969

To the student participants, coaches, and guest judges of the Twenty-Third National Debate Tournament—a hearty welcome. My personal congratulations to the debaters who earned the right to take part in this important event; surely you are among the nation's finest college students, and you are obviously among the elite of inter-collegiate debaters.

The American Forensic Association appreciates the generous hospitality of Northern Illinois University. Willingness to host a tournament of this size and significance proves that N. I. U. strongly believes in the values of intercollegiate debating. In addition to providing excellent facilities and housing for a large number of guests, Northern Illinois University has granted a substantial subsidy to help pay the cost of the tournament. Professor Jack Parker and his hard working staff have given much of their time and energies to plan and execute local arrangements.

Much of the credit for this tournament goes to the District Chairmen and their committees. These persons have arranged the many preliminary debates necessary to refine the competition here today.

Special thanks are certainly due Annabel Hagood and the National Debate Tournament Board of Trustees for their seasoned advice.

At a time when a new administration is re-examining the role of the United States in world affairs, it is appropriate that college debaters are arguing the place of the chief executive in foreign policy making. It is my fervent hope that these one hundred ninety-one debates will be stimulating, intellectually rewarding, and in some way help all of us to clarify our thinking about the whole process of foreign policy making.

Cordially,

*Gifford Blyton*

PERMANENT N.D.T. TROPHIES

NATIONAL DEBATE TOURNAMENT: 1969

The Twenty-Third National Debate Tournament will be sponsored this year by the American Forensic Association. District and National Committees have worked hard to make this tournament the highest quality tournament in the nation.

Two features should make this tournament outstanding: top competition and excellent judging.

To ensure top competition, qualifying tournaments in eight districts determine thirty-six of forty-four participating teams. The eight best teams not qualifying at their district tournaments (as determined by the voting of the District Chairmen and A. F. A. Representatives) are extended at-large invitations.

To ensure top judging, you will have three judges in each round. All will be well qualified. Objectivity will be maximized by the fact that you will not be judged by anyone from your district, or the district of your opponents.

This year we will attempt to equalize the difficulty of schedules for contending teams by power-matching just the last four rounds of debate. The first four rounds will be seeded, with each team meeting two teams initially seeded in the upper half of the tournament and two teams initially seeded in the lower half. Any inequities that may arise in the seeding procedure should be equalized during the power-matched rounds. Throughout the tournament, you will not meet a team from your own district, and insofar as possible through the first four rounds we will try to provide a schedule that is geographically interesting as well as equalized in terms of difficulty.

While only one team can emerge from this tournament as National Champion, our hope is that every team will feel they have had excellent competition, expert and impartial judging, and fair treatment throughout the tournament. We would welcome your suggestions for improving this tournament in any way.

The NDT and the American Forensic Association are grateful to the Hamilton Watch Company of Lancaster, Pennsylvania, for the Hamilton Awards: two electric wrist watches for the top two speakers in the preliminary rounds, and four electric wrist watches for the four speakers in the final debate. We would also wish to express our gratitude to Sigurd S. Larmon for donating the first-place rotating Larmon Trophy; to Mr. and Mrs. George Walker for permission to continue the Walker Memorial Trophy as the rotating second-place award; and to National Textbook Company for providing the tournament booklets.

Finally, we are most grateful to Jack Parker, our tournament host, for his unfailing support and assistance on the numerous arrangements necessary for such a tournament as this, and to Northern Illinois University, whose generous support made the tournament possible.

## DEBATE PROCEDURE AND INSTRUCTIONS

The American Forensic Association Form C debate ballot will be used for all debates. Judges are requested to follow these instructions:

1. Assign a speaker rating to each speaker. This speaker rating need not be a total of checked items (analysis, reasoning, etc.), but should adhere to the following guidelines:

25-30 - superior	7-12 - fair
19-24 - excellent	1-6 - poor
13-18 - average	

2. Do not announce any decision or reveal any decision to any person during the preliminary rounds of the tournament.

3. Seal your ballot and give it to the timekeeper after the round is completed. The timekeeper will return the ballot to tournament headquarters for you. Because the tournament is power-matched, and because limited time is available for this power-matching, please return your ballot to the timekeeper within five minutes of the time the round is completed. Lengthy critiques may be written independent of the ballot and turned into tournament headquarters later.

4. Please, please be sure that the names of the competing teams, the names of the debaters, the decision, and your name as the judge appear on the ballot. It is not considered unethical to give the decision to the team which wins the debate!

Each round of debate begins in the second floor lounge of the Student Center at the time indicated. Debate team pairings and judging assignments will be announced according to lettered stations. As soon as the name of a debate team or judge is announced, that debate team or judge should report to the lettered stations. The timekeeper should have the group leave for the appropriate room and start the debate as soon as all debaters and judges are present. These debates will take place in Whitehead Hall. Written notes on a debate are to be taken by no person other than the participating debaters and judges. Otherwise, observers are welcome to hear any debate during the tournament.

The preliminary rounds of debate will be power-matched as in previous years. In general, the following criteria will govern team matchings in the eight preliminary rounds:

1. No team debates the same team twice.
2. No team debates a team from its own district.
3. Teams debate four affirmative and four negative rounds, but do not necessarily alternate sides from round to round.
4. Teams are matched on a win-loss record.

The elimination rounds of the tournament will pair teams according to the following scheme (numbers below represent rank in preliminary rounds):

Octafinals: 1-16, 2-15, 3-14, 4-13, 5-12, 6-11, 7-10, 8-9

Quarterfinals: winner of 1-16 vs 8, 9, of 5-12 vs 4-13, of 6-11 vs 3-14, and of 7-10 vs 2-15

Semifinals: winner of 1-16-8-9 vs 5-12-4-13, and winner of 2-15-7-10 vs 3-14-6-11 with the survivors meeting in the Finals.

No results (ballots) will be released until after 1:00 PM on Thursday. All judges are expected to be available for all rounds of debate.
