

NC Scholarship Loan Programs

North Carolina residents intending to pursue a career in Nursing, Science, Mathematics, or Allied Health Sciences are eligible to apply for scholarship loan program. Instead of the normal monetary loan re-payment, scholar recipients agree to work in North Carolina per year of scholars funding.

Eligibility

The scholars loan funding programs is open to students interested in the fields of Nursing, Science, Mathematics, or Allied Health. The Nurse Scholars program is open to students working toward a Baccalaureate or Associates Degree. The NC Student Loan Program is open to students pursuing any higher education degree. The Master's Nurse Scholarships are available for students interested in pursuing a Master's degree.

Students may apply to all programs for which they are eligible; however, you may only receive funding from one in a given academic year.
