We are pleased to announce that Lyda M. Smith of Sungard SCT will replace Doug Berman as on-site program manager for Program Link. Smith brings fifteen years of professional experience to the position, including four years of leadership and project management roles in SCT Banner Implementation projects. Her technical experience will be a great benefit to us as we enter the next phases of Program Link. Smith will begin training with Doug Berman October 5.

Please join us in welcoming Lyda to Wake Forest! We look forward to introducing her to you soon.

Sincerely,

Jamie Barras (x3743)
