

Spring 2018

First Year Seminar
Exercise 1

Due Tuesday January 23
Your Pattern number: 01

Reading Assignment: Due Thursday January 25

Flim Flam, Chapter 1

Why People Believe Weird Things, Chapter 1

This is a simple, 10-20 minute exercise. It is designed to provide material for discussion on Tuesday. You are simply supposed to look at the collection of letters at right, and notice any patterns.

Don't worry about if you don't notice any overarching patterns. It is just a source of material for discussion, so if you don't notice anything, maybe there isn't anything there. You should have roughly one paragraph prepared to contribute to the discussion in class Tuesday.
