One USB flash pen drive with at least 512MB of space

<http://www.supermediastore.com/adata-pd2-my-flash-1gb-usb-20-usb-flash-drive.html> has a 1 GB for \$57 and free shipping. If you own one already, no need to buy a new one. The brand you buy is unimportant, but be sure that it is the slim style like the one on this page. The bulkier ones sometimes won't fit in out laptops.

You might need to buy more inkjet paper if you want to print on papers larger than in the in the sample pack, but this should get you through the semester.
